## Introduction:

DHS Ultimate will enter its seventh year of existence come 2019. Over the years, we have trained hard, played hard, and left our blood, sweat and tears on the battlefields of Ultimate Frisbee. Through the thrills and spills, the throws and throes, the sheer exhilaration and exuberance of racing down the field to capture that elusive flying disc, we have become brothers and sisters, and, ultimately, warriors. We grew to be more resilient and accommodating to others in need.

If you're interested in learning to play the game of Ultimate Frisbee, and entering the fraternity of the flying disc, remember to check out DHS Ultimate!

## Achievements:

We have consistently achieved 12<sup>th</sup> position out of 25 participating teams for the Inter-JC Ultimate Frisbee competition for the past three years.
